

# CSAP CONSEIL SCOLAIRE ACADIEN PROVINCIAL

The CSAP we have 23 schools throughout the province of Nova Scotia. The perfect place to learn or improve your French skills. Some of our schools are in the city, which mean everything is within walking distance: library, shopping centers, beaches, lakes, city transportation, etc. We also have schools located in regions, little bit farther away from the city, but you'll have access to beaches, hikes, lakes, and you'll always be surrounded by a beautiful, welcoming and helpful community. You will have fun activities and an amazing experience like every CSAP student. In the CSAP, we're fortunate to have activities that bring all our students together, no matter where they are in the province and having a valuable experience.
