

STRAIT REGIONAL CENTRE FOR EDUCATION

As part of the public education system in Nova Scotia, the Strait Regional Centre for Education (SRCE) was established on April 1, 2018, to deliver the public school program focusing on student learning and achievement. Located in the northeastern part of Nova Scotia, the Strait Regional Centre for Education's jurisdiction includes the counties of Antigonish, Guysborough, Inverness and Richmond, an area of approximately 11,000 square kilometres.

Home to some of the most spectacular views in the Province, we boast incredible experiences in nature; including hiking, fishing, camping swimming in the ocean, visits to waterfalls, etc.
